

QUALITY POLICY - July 2005

It is the Quality policy of Special Consultants, Oilfield Rentals, Equipment Limited to maintain the following practices and guidelines:

- Operate our business in a safe, consistent, productive, timely and economical manner.
- Prevent nonconformities at all stages of our procurement, supplier manufacturing, and servicing by implementing the requirements of our quality manual, supplier supporting documents and their quality systems.
- Provide materials, products and services that comply with industry codes, standards and/or product specifications, and customer specified requirements.
- Provide technical manuals and operating procedures for all of our equipment and products.
- Adhere to and respect all the laws in the countries and communities in which we operate.
- Maintain continual contact with customers and vendors to assure that perceived expectations are understood and meet specified requirements.
- Maintain customer satisfaction and product and service quality.
- Ensure our customers are updated regularly about our new technology and more economical options.
- This quality policy and manual will be freely available to all staff, contractors and visitors.

MISSION STATEMENT POLICY - July 2005

We will conduct business ethically and in compliance with all health, safety, environmental regulations and best industry practices worldwide. Our intention is to bring new life to the local and international oilfield service industry sector by providing high quality innovative oilfield services, equipment, personnel and value added solutions for client's specific needs.

Kristina Augustus
Director & QA/QC Coordinator
