# HIGH PRESSURE PUMPING SERVICES

---

In May 2008, S.C.O.R.E. Limited was awarded a long term high pressure pumping services and fluid injection contract with BG Trinidad & Tobago Limited at their Beachfield natural gas processing facility.

Two high pressure pumps were outfitted as per the client's specifications, mobilized and rigged-up on location within one day. Two SCORE senior Field Operators were assigned to the project for monitoring the equipment on a twenty-four hour basis.
