INTRODUCTION

- S.C.O.R.E. LIMITED IS REGISTERED & OPERATING SINCE JUNE 2005
- 100% TRINIDADIAN STAFF
- **S.T.O.W. Certified (High Risk Classification)**
- MULTIPLE SERVICES
- HIGH QUALITY EQUIPMENT AND TECHNICAL SUPPORT 24 HOURS DAY
- CLIENT FOCUSED
- QUALIFIED OILFIELD PERSONNEL. (PLEA & BOSIET CERTIFICATION)
- OFFICE IN PORT-OF-SPAIN & WAREHOUSE IN CHARLIEVILLE, CHAGUANAS
- MEMBER OF THE TRINIDAD ENERGY CHAMBER SINCE 2005
- WE HAVE WORKMEN'S COMPENSATION & PUBLIC LIABILITY INSURANCE
- WE ARE V.A.T., N.I.S. & B.I.R. REGISTERED
- WE ARE REGISTERED WITH O.S.H.A. IN TRINIDAD & TOBAGO

PROFILE

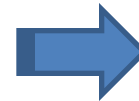

S.C.O.R.E.
Limited

- H.S.E., Quality, Service and Cost Management are of paramount importance to Special Consultants, Oilfield Rentals, Equipment Limited. Our intention is to bring new life to the local and international oilfield service industry sector by providing cost effective, high quality innovative oilfield services, equipment, personnel and value added solutions for client's specific needs.
- Our management staff are trained and knowledgeable in their specific fields with certification in B.O.S.I.E.T., PLEA, I.A.D.C. Well Control and DNV Safety management. Our field personnel are PLEA certified, trained in the operation and use of a Fire Extinguisher and have First Aid certification. Our safety track record is impeccable with zero lost time and zero accidents.
- We back up our personnel, products and services with round the clock local technical support, 365 days a year.
- We are committed to search for the best and constantly add new equipment and products through our research and development process. This has enabled us to align ourselves with a consortium of companies who provide us with quality equipment, products and further technological support. We represent companies from the U.S.A., India, China, Indonesia, Canada, England/Scotland and Norway.

MISSION STATEMENT

“To conduct our business ethically and in compliance with all Quality, Health, Safety, Environmental regulations and best industry practices in Trinidad & Tobago and worldwide”

Safe to Work

S.C.O.R.E. SUPPLIERS

We are agents for:

- SAPEX OIL TOOLS
- PI-INTERVENTION
- ROEMEX LIMITED
- CASETECH INTERNATIONAL INC.
- CALEDUS
- ENCORE BITS
- TURBOCHEM
- CEMENTING TECHNOLOGY & EQUIPMENT LIMITED
- FIRE & SAFETY SPECIALISTS
- WINDLASS ENGINEERS & SERVICES PVT LTD
- F.Y.P.E.
- EARTHCARE PRODUCTS
- VIGOR DRILLING COMPANY
- SUDELAC TOOLS
- BLACKHAWK
- ALLAMON TOOL COMPANY INC
- YANTAI JEREH PETROLEUM EQUIPMENT & TECHNOLOGIES CO.,

PRODUCTS & SERVICES

- DRILLING & COMPLETION CONSULTANTS
- CASING CEMENTING HARDWARE & CENTRALIZING EQUIPMENT
- SPECIALIZED DRILLING & COMPLETION TOOLS
- DRILL BITS, STABILIZERS, DRILL PIPE & TUBING
- DRILLING, COMPLETION & PRODUCTION CHEMICALS
- WELLBORE CLEAN-OUT CHEMICALS & TOOLS
- OILFIELD EQUIPMENT RENTALS & PUMPING SERVICES
- SPECIALIZED SPILL CONTROL & H.S.E. EQUIPMENT

CONSULTANT SERVICES

We offer:

- DST/TCP Specialists
- Completion Supervisors & Engineers
- Cementing Specialist and Advisors

Our personnel each have over fifteen years experience and have worked extensively for various clients in Trinidad & Tobago, U.S.A., Indonesia, Venezuela, Colombia, Africa, United Kingdom and Azerbaijan.

DRILLING TOOLS

S.C.O.R.E.
Limited

ENCORE PDC DRILL BITS

- M-3167D is a 3-blade design for drilling out PDC compatible float equipment and soft, shallow formations.
- The F-3133 is a 3-blade design employing a highly aggressive nose, tailored for rapid drilling of soft shales, limestone chinks and sandstone clays.
- The S-6133 is a 6-blade design employing a broad contoured nose ideal for directional work & interbedded drilling.
- The D-5133 is a 5-blade design tailored for rapid drilling of soft shales, limestones and sands.
- The SW-6093 is a 6-blade bit employing a highly aggressive lateral profile designed to maximize steerability
- The BC-5136 is a 5-blade Bi-Center design with a moderate nose profile and robust reamer section

DOWNHOLE TOOLS

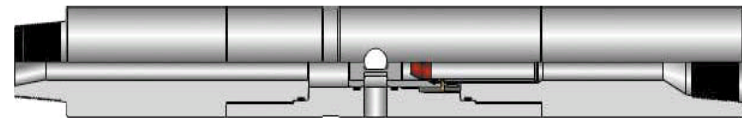

S.C.O.R.E.
Limited

ALLAMON TOOL COMPANY INC

- Liner hanger systems (mechanical and hydraulic)
- Cementing heads, landing subs, plugs, darts, collars
- 100 Series Diverter tools

Utilized when deploying liners or sub-sea casing on a work string in areas where formation surge or work string overfill may be a problem.

Enables casing to be run to the desired depth with no mud losses for improved zonal isolation.

Allows well bore fluids to flow from the wellbore, through ID of the casing and into the annular space above the casing being installed, greatly reducing surge on the open-hole formation by eliminating the pressure drops across the casing/liner hanging equipment and the reduced ID of the work string.

DOWNHOLE TOOLS

S.C.O.R.E.
Limited

SAPEX OILFIELD SERVICES

- Single / dual string retrievable/completion packers
- Thermal, steamflood & waterflood and gaslift equip.
- Flow control equip. -sliding sleeves, seating nipples
- Expansion joints, on/off tools, PBR assemblies
- Conventional gravel pack equipment
- Service tools, squeeze packers, RBP's, perf. wash tools
- Cement retainers & bridge plugs (mech. & wireline set)
- Tubing swivels
- Liner hanger systems (mechanical and hydraulic)

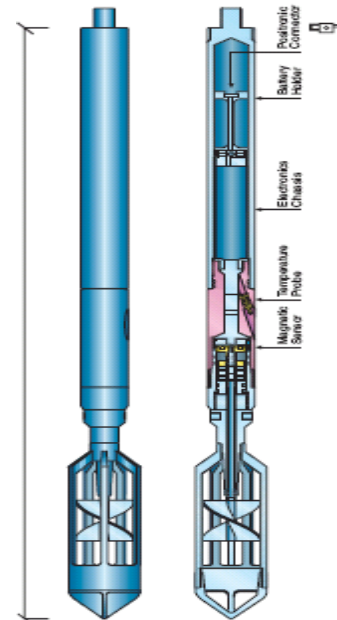

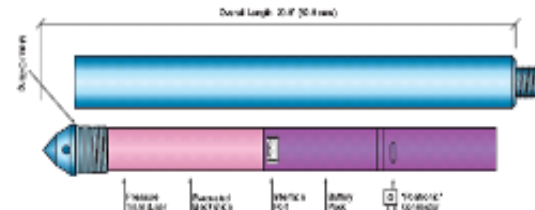

DOWNHOLE TOOLS

PI-INTERVENTION

- HPHT Retrievable Bridge Plugs & Straddle Packers
- High Expansion Gauge Hangers
- Setting tools for Slickline/E-line (non-explosive)
- Setting Tools for Coiled Tubing/pipe (ball-operated)
- GS Retrieving Tools for all Plugs/Straddles
- Adaptor Kits, Junk extensions, Junk baskets
- Memory Gauges (pressure and temperature)
- Memory Camera's

DOWNHOLE TOOLS

CALEDUS

- EzeeGLIDER® Centraliser
- DragonBITE™ Drill Shoe
- ERD SwivelMASTER
- RotoTEC Friction Reducer®
- BridgeBUSTER® FastDRILL™
- SlickSHOE™
- NaviGATOR™ Sub
- SingleRUN™ Motor

S.C.O.R.E.
Limited

WELL SERVICE TOOLS

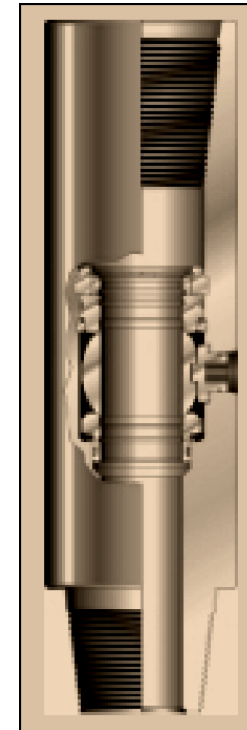

S.C.O.R.E.
Limited

BLACKHAWK

Blackhawk provides a top-grade heavy weight, high pressure, fully remote control swivel (rotating) flow around cement head manifold that launch darts (without deforming fins), hard rubber 6-5/8" and foam NERF 8" wiper balls, plugs, foam wiper plugs, etc. with a premium tattletale (flag sub) both in mechanical models and self reset LED. We offer the following tools here in Trinidad:

- 6 5/8 & 9 5/8" Automated Top Drive Cement Head
- Automated Lite TorckKelly Valves
- 10" High Rotation Side Entry Sub
- Dual Tool Ball Catcher
- WPI (Wiper Plug Indicator)
- Drop Ball Sub
- Dart Catcher tool

WELL SERVICE TOOLS

S.C.O.R.E.
Limited

CASETECH INTERNATIONAL INC.

- Rigid Centralizers
- Bow Spring Centralizers
- Float Equipment
- Cement heads

Nonwelded Bow-Spring Centralizer

Welded Centralizer with Turbofins

Miami Tool Straight-Vane Rigid Centralizer

- New Technology:
D-Square(TM): Dual Diameter Integral Centralizer,
R2: Rotating Integral Bow Centralizer,
Rotobo Sub: Rotating Integral Bow Centralizer,
Super Combo: Rotating and D2 TM Integral Centralizer,
CaseTech's Integral Straight or Spiral Vane Centralizer.

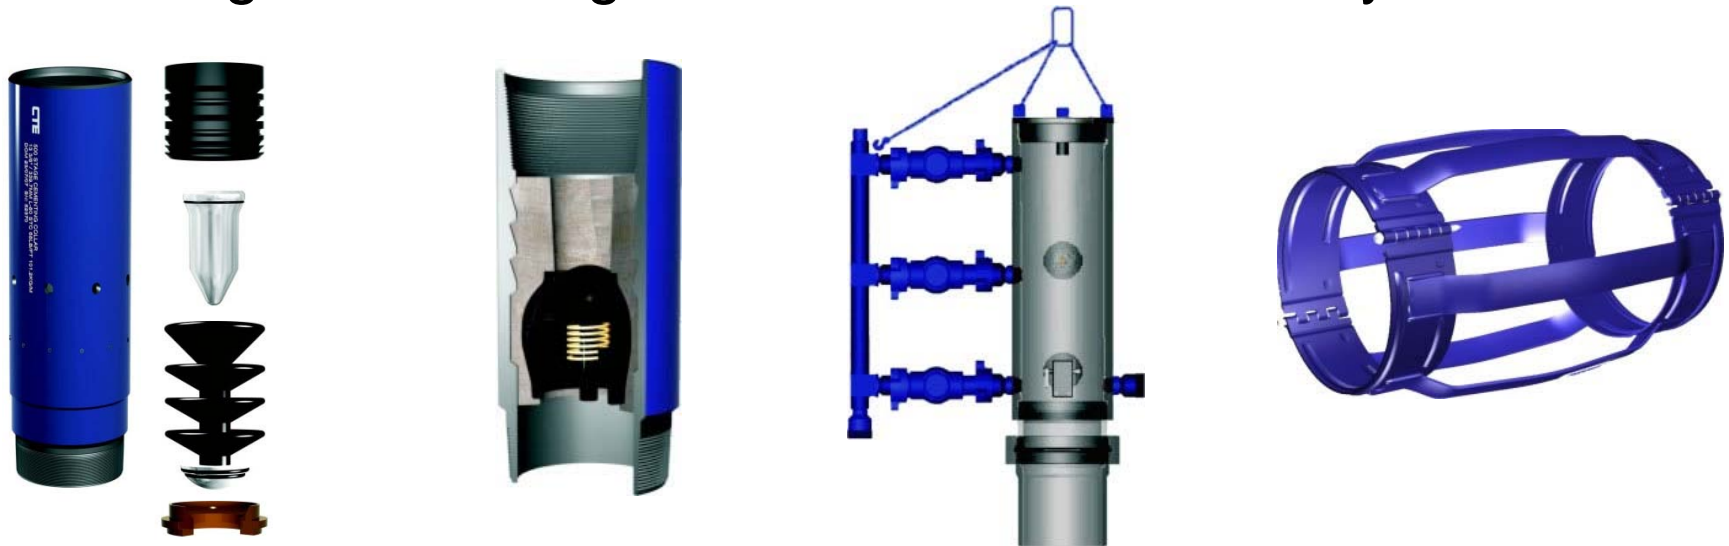

WELL SERVICE TOOLS

CEMENTING TECHNOLOGY & EQUIPMENT

- Centralizers – Bow, Rigid, Fluted, Spiral
- Float Equipment – Shoes, Collars, Insert, Stab-in
- Cement heads – Single & Double
- Plugs - Top/Bottom: Combo latch plug, Sub-sea
- Stage Cementing Collars – Mechanical & Hydraulic

WELL BORE CLEAN-OUT TOOLS

SUDELAC®

S.C.O.R.E.
Limited

- **RuffPUP™ Casing Brush**

This brush type casing scraper tool is specifically designed for well bore clean up operations when a high degree of casing cleanliness is required.

- **TruGAGE® Casing Scraper**

This mechanical well bore clean up tool is specifically designed to replace old inefficient drilling scrapers.

- **MagPUP® Magnet Tool**

This magnet sub is designed for wellbore clean up operations to collect loose ferrous metal debris from inside the casing.

- **The SimPLEX™ Short- Trip Jetting Tool**

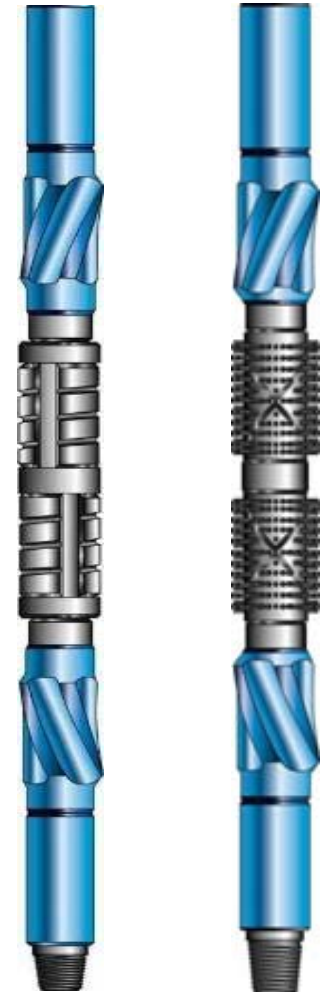

This Short-Trip Jetting Tool is a multiple nozzle fixed outer diameter tool with the jets always open.

- **SimPLEX™ Drop-Ball Circulating Tool**

This is a simple ported sub run in the well closed and opened by pressuring up against a drop-ball on the internal sleeve.

- **StarFISH™ WellCLEAN™ Wireline Magnet**

Wire-line Magnet is a wire-line deployed tool specifically designed to collect loose ferrous metal debris from inside oil and gas well tubulars.

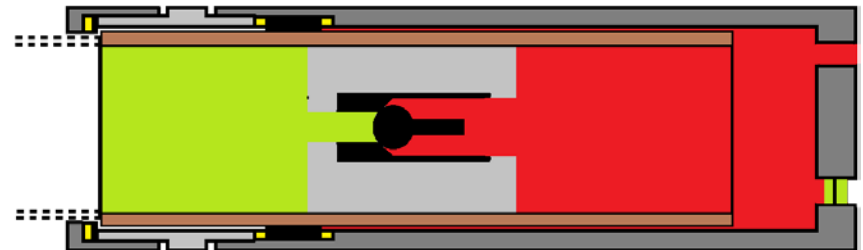

FLOAT TESTING EQUIPMENT

SUDELAC®

- The Sudelac FloatCHECKER™ PT are specifically designed tool kits to safely pressure and load test float equipment without the need for connection to the threads. The system can test float equipment that is threaded, blank, or already on joints of casing and importantly without damaging the items
- Ensures integrity of all new float equipment
- Ensures safety and environment risks are reduced through systematic QA/QC process of floats
- Provides trace-able pressure and load test documentation

OILFIELD CHEMICALS

S.C.O.R.E.
Limited

ROEMEX LIMITED

- Well-bore Clean-out chemicals (Solvents, Surfactants, Flocculants)
- Process & Pipe line chemicals (Oxygen scavengers, Biocides, Degreasers, Corrosion Inhibitors)
- Production enhancement chemicals (Scale solvers, Pour point depressant, Water clarifiers, Wax inhibitors & Dissolvers, Anti-sludge, Emulsion breakers, Asphaltene solvers, De-oilers, Paraffin Inhibitors)
- Environment friendly products (Tank Cleaning chemicals)
- *Chemicals for cleaning scum & grime off buildings, boats, decks; etc*

OILFIELD CHEMICALS

TURBOCHEM

- Solid Friction Reducers
- Shale Inhibitors
- Loss Circulation & Seepage Loss products
- Drilling Products for Bore hole stability
- Stuck Pipe Release and Friction Reduction products

SweILCM[®]

Gelled, Swelling, Sealing Agent
Lost Circulation Material

E Z Squeeze[®]

High Fluid Loss, High Solids
Lost Circulation Squeeze
Material

SYN-Seal[®]

Organic-HTHP Filtrate,
Seepage and Lost
Circulation Control

PUMPING EQUIPMENT RENTALS

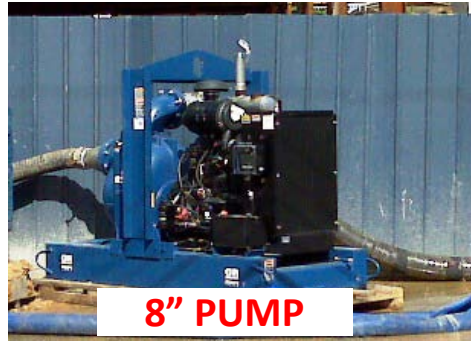

S.C.O.R.E.
Limited

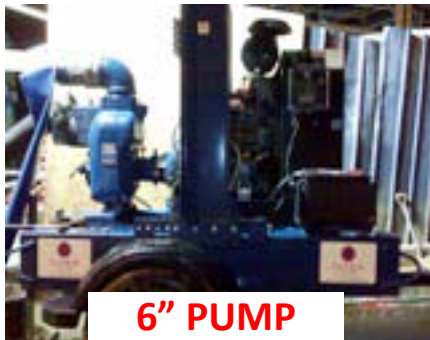

- High/low pressure & high/low rate pumping equipment
- High rate Centrifugal pumps 4", 6", 8" & 10" with diesel engines (Range 1000gpm – 3000gpm) All units have spark arrestors.
- We offer 4" & 6" industrial hoses, flapper valve, cross-over's & fittings
- 2" Wilden transfer pumps, Trash pumps & Submersible pumps
- Competent Trained Service Operator personnel provided on location

4" PUMP

8" PUMP

6" PUMP

4-6gpm PUMP

SCORE Personnel on job site

EQUIPMENT RENTALS

- Spill Control Equipment - Spill kits, Containment Booms, Oil pans/pumps
- Industrial Fans (blowers)
- Lighting equipment (Class 1, Div1 & Class 2, Div2)
- Generators & Compressors & Pressure Washers

GENERATOR

GENERATOR

INDUSTRIAL FAN

KWIK-CONTROL "PM" SPILL LOCKER

SPILL CONTROL LOCKER

LIGHT TOWERS

COMPRESSORS

HIGH PRESSURE WASHERS

LAND MODEL - OIL SPILL CONTROL LOCKER

EQUIPMENT RENTALS & SALES

S.C.O.R.E.
Limited

- Ditch Magnets
- SCSSV/SSV Well Control Panels
- Filtration cartridge units
- 1000 gallon tanks for slop oil, diesel, brine
- Drum Racks & Compressed gas cylinder racks
- Portable Drip pans/pumps (for managing spills)
- Flow bridges for satellite platform & barge work
- B.O.P.'s, Stabilizers and PDC Drill bits
- Drill Pipe and Tubing

DITCH MAGNET

PANEL/PRESSURE TEST
PUMP**

FILTRATION UNIT

TUBING/PIPE

RIG PUMPS

STORAGE TANKS

DRILLING EQUIPMENT RENTALS & SALES

S.C.O.R.E.
Limited

Windlass Engineers & Services PVT Limited

- BOP Control Units
- Hydraulic Power Units
- Hammer Unions, Tees & Crosses
- Ring Joint Gaskets
- API Flanges
- Choke & Kill Manifolds, Cement & Stand Pipe Manifolds
 - Repair, Refurbishment and up-grade of all equipment offered

BOP CONTROL UNITS

HYD. POWER UNITS

MANIFOLDS

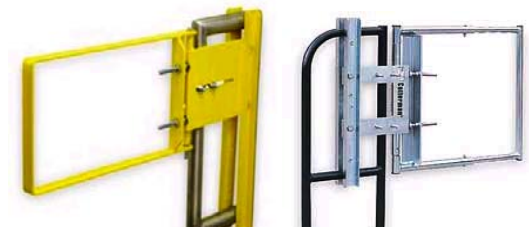

H.S.E. EQUIPMENT & PRODUCTS

- Personal Protective Equipment
- Ammonia detection monitors & alarm systems
- Adjustable Self Closing Safety Gates
- Temporary Barricade Systems
- Complete line of level monitors and controls for both liquid and solid applications.
- SphagSorb Product (Oil absorbent material)

**AMMONIA
MONIOTRS**

SAFETY GATES

TEMPORARY BARRICADES

SPHAG SORB

H.S.E. SYSTEMS

S.C.O.R.E.
Limited

Fire Safety Specialists

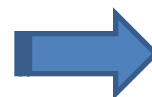

- We provide fire and gas detection to fire suppression equipment. Our supplier FSS provides turnkey safety solutions that are specifically customized to your company's needs. Expert designers at FSS have the expertise, experience and technical skills to design functional and reliable engineered systems. Services include on-site surveys; development of system specifications; computer-aided drafting; design; installation and the commissioning of engineered safety systems. Our staff are available 24 hours a day, and our design services department meets the critical needs of our clients.

HIGH PRESSURE EQUIPMENT RENTALS AND SERVICES

STS Integrated Rentals

- **Handling Tools, Wash-pipe and Pup Joints, Crossover, Lift subs and Gravel Pack Accessories**
(High Rate & Low Rate Gravel-pack & Frac Support Equipment)
- **2" & 3" Flow Iron, Frac Manifold, Steel Flexible Line, Flow Head, Typical Frac Head, Flow Head, Modified Frac Head**
(TCP / DST Support Equipment)
- **Test Head:** Test Head 10,000 PSI Manual Dual Kelly Valves with a Dual Pump In Sub 2" 1502
- **Test Head:** Modified Test Head 15,000 PSI 1-Hydraulic Valve, 1-Manual Valve, Dual Pump In Sub 2" 1502, and a Hydraulic 2" 1502 Plug Valve
- **Manifold:** Dual Choke 2" 1502 15,000 PSI CWP
(Coil Tubing Support Equipment)
- **Manifolds, Flow iron and Plug Valves**

OILFIELD SERVICE EQUIPMENT

Yantai Jereh Petroleum Equipment Technologies Co., Ltd. **S.C.O.R.E. Limited**

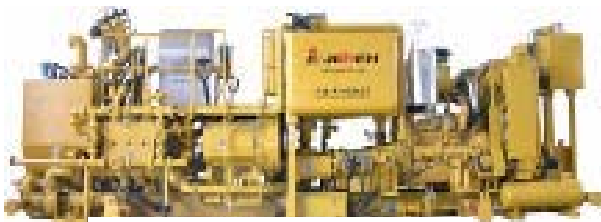

- Jereh specialize in manufacturing the state-of-the-art oilfield equipment. We offer Cementing, Fracturing, Acidizing, Batch mixing and Nitrogen units. Additionally we offer Triplex plunger pumps, Natural gas compressors etc.
- We design & tailor-make equipment to suit client specific requirements
